

Did'ja Know?

In Jesus' time, wine often was mixed with water when they drank it. That Jesus made wine by itself means they saved the best for last!

Creative Corner

What do you think Mary is telling the servants to do? Jesus is about to change water into wine at the wedding! Color it.

John 2

Jesus, his mom, and his friends were at a wedding. His mom came to him and said, "Jesus, they've run out of wine."

Jesus frowned. "Uh, Mom? I have more important things to worry about than wine."

Mary smiled and ignored her son—she knew he would help. She turned to the servants and said, "Just do whatever my son tells you."

Jesus told the servants to fill six big jars with water. Then he told them to take some out and drink it. Just like that, it had turned into wine! Really, really good wine, too! Everyone was amazed.

It was the first miracle Jesus did, and his friends believed that Jesus was God's promised Messiah.

Miracle

A "sign" from God. Jesus performed many miracles to show he was God's Son.
